

# 2024 JBBA AI PROGRAM BULL NOMINATION FORM

## NOMINATION DEADLINE November 30, 2023

### History of the JBBA AI Program

The AI program allows junior members to purchase quality Beefmaster genetics at a very affordable cost while improving and building their Beefmaster herd. Ultimately, it helps up and coming breeders market the Beefmaster breed in and out of the showing, while also educating the youth about genetics, EPDs, sire selection traits, networking amongst breeders, etc.

### Benefits for breeders that nominate bulls

While supporting the JBBA youth with improving and increasing their Beefmaster herd and marketing the breed, marketing exposure will be included with any bull that is nominated. The bulls will be compiled into an electronic 'booklet' which will be listed on the BBU website, posted on JBBA social media sites, mentions will be made in appropriate BBU e-news, etc. Additionally, it is good ranch exposure and could potentially generate new and more business with semen or cattle sales. Additional nominated bull marketing promotions may arise.

### Rules for the A.I. Program
